

# Introducing the XC-10

## Canon's latest 'pocket rocket' video camera

Announced in early April (just before NAB 2015), the XC-10 is the newest compact digital video camera from Canon, capable of capturing 4K Ultra-HD footage and 12MP stills.

The XC-10 features:

- ★ 1.0" CMOS sensor
- ★ 10x zoom with optical image stabiliser
- ★ Slow and fast motion recording

	Supported codecs	XF-AVC	Video Outputs	HDMI	
LCD monitor	Monitor size	3-inch capacitive LCD touchscreen	Power	Battery Type	LP-E6N
Viewfinder	Size	Optical loupe	Power Consumption	Approx. max. recording: 6.0W2/Playback: 4.1W	
	Resolution	Approx. 1,030,000	Physical specifications	Weight	Approx. 1040 g (with lens hood, battery, CFast 2.0TM card and SD card)
Lens	Lens mount type	Fixed	Warranty	1 year	
	Focal length	8.9 - 89 mm (27.3 - 273 mm 35 mm equivalent) f/2.8 - f/5.6 (W-T)	What's in the box?	Lens hood, (Loupe) viewfinder unit, remote controller (RC-6), battery pack LP-E6N, high speed HDMI cable (HTC100/S), compact power unit CA-570, AC cable, interface cable (IFC-300PCU/S), shoulder strap	
	Sensory size	1-inch CMOS			
	Optical zoom	10x zoom			

### Our verdict

The steadicam functionality works a treat too, and we were able to hold shots steady even when zoomed in x10 handheld.

The simple, built-in Dual-Band WiFi is a great touch for camera control via a web browser.

With up ISO 20,000 and built-in ND filter, we were able to capture low-noise footage in a range of challenging situations.
