

Find the right **Wacom Cintiq** for your workflow

If you're on the lookout for a new graphic tablet that'll fit in nicely with your current design workflow, cast your eyes over our Wacom Cintiq comparison chart to find out which model is right for you.

Wacom's Cintiq range provides you with a tool that's perfect for digital artists. Instead of having to interpret your on-screen movements on a tablet, the Cintiq 13HD, 22HD and 27QHD allow you to work directly onto the screen, providing you with incredible levels of accuracy. With a flexible stand and customisable ExpressKeys and TouchRing the Cintiq can be fully tailored to suit your style of working.

* Slim and compact model perfect for sketching.

* Ideal size and ergonomics for creative design.

* Best for arduous productions requiring accurate colour and high resolution.
