Your guide to Eduserv Adobe discounts

Affordable campus-wide software licensing with updates and upgrades from Eduserv

If you're looking to get the latest industry-standard Adobe Creative Suite software for your institution (but have budget at the front of your mind), becoming a member of Eduserv can help. You get up to date software for the length of your campus-wide agreement, and benefit from an affordable annual payment plan.

Who are Eduserv?

Eduserv's Enterprise License Agreement promotes the use of technology in education, and negotiate discounted Adobe prices for their members through volume licensing. Eduserv is a not-for-profit organisation with 20 years' experience under their belt. They negotiate affordable software prices for universities and colleges.

How does it work?

When you subscribe to a campus-wide Adobe licence agreement from Eduserv against 100% staff FTE count, you get all minor fixes and major releases which will be updated twice a year, in May and November, although the updates this year will be in line with the June 2013 release of Creative Cloud applications. Bear in mind that you will be joining in the second year of a three year scheme, so your agreement will come to an end in August 2015. The agreement even includes work at home rights, so staff can continue on projects out of school hours whenever they need to. And as Upgrade Plan is no longer available against CLP, this will be one of the only ways to guarantee your future upgrades.

The key points

- Eduserv ELA is an annual, campus-wide agreement designed to save you money on Adobe software licences
- It offers Predictable Pricing
- It gives you access to updates and new releases
- The Eduserv ELA Agreement includes work at home rights

How much do I pay?

The thing to remember is that the agreement gives you predictable pricing for your FTE staff. See the price breakdown below for an idea of costs (your FTE staff count remains fixed for the length of the agreement).

How do I join?

If you want to join in August, you have to get all your paperwork in by **July 12th**, so the first thing to do is give us a call. We'll answer any questions and give you full information on Eduserv's Adobe licensing options. There are also discounts available for students. Then we'll help you complete your Eduserv ELA Commitment Form and Participation Letter, and get it sent off to Eduserv with your purchase order.

Product	Annual cost per staff member FTE	Normal prices without Eduserv ELA
Adobe Design Standard	£28	£262
Adobe Design and Web Premium	£33	£398
Adobe Production Premium CS6	£33	£378
Adobe Master Collection CS6	£38	£581

Visit <http://bit.ly/TDvUSS> for more information. Get in touch on **03332 409 310** or email Eduserv@Jigsaw24.com about the student options available before July 12th!

What Eduserv customers have to say...

“ The new Eduserv Adobe ELA Framework Agreement has provided Norwich University College of the Arts with an affordable way to give our students access to latest industry standard software across the campus. Meeting expectations against a background of rising tuition fees is a challenge, and this is a great way for us to add value to the student experience here. ”

Kirk Laws-Chapman, Resources Manager, Norwich University College of the Arts.

“ I'm confident that a lot of current and future students will benefit from the new Eduserv Adobe ELA Framework Agreement. In addition to saving the University money, it is giving us software consistency everywhere with the latest CS6 suite available on whatever machine is capable of running it. All our creative areas have been keen to support this new agreement. It's going to make a huge difference. ”

Phil Purves, Senior Lecturer, Bath Spa University.

“ The Arts University College at Bournemouth (AUCB) feels extremely privileged to be signed up to the Eduserv Adobe ELA Framework Agreement. It enables us to offer more access to industry standard software at a good price, but also helps with the strategic development of software maintenance to align Education and Business application deployment. ”

Steve Harvey, Arts University College at Bournemouth.
